

Assurance for quality & services

The Factory Site at GIDC, Pardi

The company

The company is located at Pardi (South Gujarat) between Valsad & Vapi having 15 years old Identity. The company offers the Biaxial Orientation Stretch Blow Moulding Machine which can produce PET Jars having a capacity of 100 ml to 5 Litres.

Products

Basic Function of the PET Jars

The easiest choice for a food beverages company to make may be whether to use Plastic Jars to package its products. Deciding upon that, there are hundreds of styles, sizes, colours and shapes that are offered. If those choices aren't enough, many more Jars can be manufactured as per custom designs, making sure that the customer has exact container needed.

We specialize in manufacture of PET BOTTLES which are:

- Resistance to pressure, shocks, and aging.
- Excellent barrier properties.
- Transparent, light weight complex shapes.
- International approval of compatibility for Food Products, Pharmaceuticals, and Chemicals.
- Highly food grade material. (FDA approved)
- Competitive cost compared to Glass.
- Breakage Resistent.

We specialize in manufacturing Customized bottles, suitable for following Products:

- Pharmaceuticals
- Chemicals
- Pesticides
- Mineral water
- Edible oil industries.
- Sugar Syrups
- Beverages
- Many other various applications.
