The Factory Site at GIDC, Pardi

### The company

The company is located at Pardi (South Gujarat) between Valsad & Vapi, having 15 years old identity.

The company offers the Biaxial Orientation Stretch Blow Moulding Machine which can produce 9 lacs numbers (per month) of PET bottles having a capacity of 40 ml to 1.5 Litres

### Products

#### Basic Function of the PET Bottles

The easiest choice for a food beverages company to make may be whether to use Plastic Bottles to package its products. Deciding upon that, there are hundreds of styles, sizes, colours and shapes that are offered. If those choices aren't enough, many more bottle can be manufactured as per custom designs, making sure that the customer has exact container needed.

#### We specialize in manufacture of PET BOTTLES which are:

- Resistance to pressure, shocks, and aging.
- Excellent barrier properties.
- Transparent, light weight complex shapes.
- International approval of compatibility for Food Products, Pharmaceuticals, and Chemicals.
- Highly food grade material. (FDA approved)
- Competitive cost compared to Glass.
- Breakage Resistent.

#### We specialize in manufacturing Customized bottles, suitable for following Products:

- Pharmaceuticals
- Chemicals
- Pesticides
- Mineral water
- Edible oil industries.
- Sugar Syrups
- Beverages
- Many other various applications.
